

Meeting Minutes-Group 1
2022-2-28

Attendees: Asfand Alavi, Taimur Tawil, Nick Finelli, Jennie Q. Colabella, Antonio Finelli, Jorge Cruz, Chris Moschetti

Discussion:

- Database changes
 - Removed: product package table
 - Possible additions: vendor table
 - Need clarification: Should employees and clients be in one user table?
- Update on tasks:
 - Jorge: Shopping cart demo
 - Antonio: Demo of inventory page built from database (search function)
 - Tai: Demo of inventory page (add inventory item)
 - Jorge: Shopping cart demo
- Midterm Presentation Discussion
 - Professor Denizard explained some of his expectations. Details will be posted on BB.
 - The group discussed a rough outline of what the presentation would include:
 - Login page
 - Home page
 - Inventory page
 - Search for products
 - Create new product
 - Fill cart
 - Create invoice
 - Logout page
- Discussion about documentation required for the midterm presentation
 - Flowcharts
 - Use case diagrams
 - Sample code
