

Meeting Minutes-Group 1
2022-4-7

Updates were handled over Discord so the team could attend a CS talk on campus.

Attendees: Taimur Tawil, Jennie Q. Colabella, Asfand Alavi, Nick Finelli, Antonio Finelli, Jorge Cruz

Discussion:

Timeline until final:

- Presentations probably the week of 5/2
- We need the last week of April to put the finishing touches on the presentation.
- Coding completion target probably end of third week of April

Updates

Asfand and Jorge: Continuing work to implement access to authorize.net/API for credit card purchases. Jorge is working on styling the CC page and filling in the forms with pre-generated data.

Nick: Managing error handling and sessions work. Troubleshooting shopping cart issue.

Antonio: Working on ADA compliance and sessions. Will be starting forms task when ADA compliance is complete.

Tai: Working on event order logic. This week he completed the front end of the form and is making changes to the calendar css and backend connections. Next week he'll start work on integrating the calendar display.

Jennie: Working on Z-report, planning out final presentation.
